

GlammFire

SPECTRUM 75/100/150

Electric

Discover the innovation of the Spectrum fireplace: heat and style combined. With varying sizes (75, 100 and 150 cm), suitable for any space, the Spectrum electric fireplace offers 1, 2 or 3 sided configuration options.

Enjoy the impressive image of the flame, optimized by the anti-reflective glass. Choose ambient light colors and back panels to match your style. Control everything easily with one remote control. Warm up your spaces with elegance and sophistication.

SPECTRUM 75/100/150

Functionalities

- 3 installation options. Can be built as a 1, 2 or 3 sided fireplace
- Fully adjustable fire image with high-contrast flames for a surprisingly deep and realistic effect
- Optiflame technology, calming flames with a lit luminous base
- Flames and bulbs use energy-efficient LEDs that require no maintenance and can burn separately
- Comes standard with an authentic logset
- Colour alternating flame effects
- Powerful fan-assisted heating by safe element that provides additional heating on the fly
- Thanks to the reflective back panel, the flames will be even more intense
- 7-day programmable timer
